

NINE REASONS WHY YOU SHOULD DO THIS POST-GRADUATE FELLOWSHIP

1. **CUTTING EDGE:** Over the past 35 years, we've developed an innovative treatment approach that is widely recognized and used by couples therapists throughout the world. Read what other leading couples therapists are saying about it at www.thecouplesclinic.com/our-approach. By the end of this Fellowship, you will have received more expert training in this approach than 90% of therapists who currently use it.
2. **EFFECTIVENESS:** At the Couples Clinic, effectiveness is one of our core values. Read about what our clients say about our results at: www.thecouplesclinic.com/our-results.
3. **SUPPORT:** We are deeply invested in our fellows, and are available to them 24/7.
4. **COMMUNITY:** This Fellowship gives you the advantage of being around skillful & experienced colleagues who will be mentoring you along the way. We love coming to the Clinic each day at the Couples Clinic because of the awesome people who work here! Each member of our group has been thoroughly vetted and chosen. As a result we have a fantastic team of therapists!
5. **EXPERIENCE:** By the end of the Fellowship, you will exceed the number of client hours you need for licensure, and you'll receive close supervision from Dr. Atkinson and other Couples Clinic members. We'll watch video-recordings of your session and give you the kind of moment-by-moment guidance you need in order to really know what you're doing.
6. **HOURS:** Many therapists pursuing Marriage and Family Therapy Licensure really struggle to get in all of their supervision and relational client contact hour requirements within two years. Due to the volume of our intakes and our dedication to excellence and our marketing campaign, this will simply not be a problem for you and you will not have to do ANYTHING to recruit clients.
7. **PAY:** When all of the benefits are factored in – we estimate your total compensation package to be worth over \$100,000 for a two year commitment. This Fellowship is intended to train therapists who will likely become future Couples Clinic full team members once the Fellowship has been completed. Post-fellowship Couples Clinic therapists earn a revenue split and can earn up to six figures. And all of this without having to worry about generating their own clients. It would be very hard to make such good money anywhere else in this field.
8. **FLEXIBILITY:** You can set your own schedule! As long as you provide 20 hours of therapy during “prime time blocks”* and attend the trainings and supervision, we don't care when you're here. In this way, you get many of the advantages of private practice, without having to deal with the all of the hard parts like marketing & billing.
9. **MEANING:** You'll have an incredibly meaningful job. We can honestly say we change the course of people's lives for the better. When we improve our clients' relationships – those changes inevitably change the lives of those around them – especially their children. We feel extraordinarily fortunate to be given this privilege and responsibility.

*Prime time blocks = M-F 4-9 PM; Sat/Sun between 8-6.
