

Become a Masterful Couples Therapist

Post-Graduate Fellowship in Couples Therapy

Becoming an expert couples therapist usually takes an entire career, but this fellowship will enable you to become masterful in two years.

You will receive an abundance of clinical experience, intensive training, and close supervision from Dr. Brent Atkinson and other senior Couples Clinic supervisors.

This paid fellowship is intended to be a pathway to becoming a fully-vetted core member of the Couples Clinic team.

(Couples Clinic therapists can earn up to six figures per year, doing the work that they love with an amazing team of colleagues who are like-minded in their commitment to excellence in couples therapy.)

Go to our website. Read our books and articles. See what other therapists are saying about our trainings. Study our client reviews. Then contact us for more information about the Fellowship.

- ✓ **Deadline for application is May 8, 2020**
- ✓ **The two-year fellowship starts September 1, 2020**
