

EIGHT REASONS WHY YOU SHOULD DO THIS POST-GRADUATE FELLOWSHIP

1. **CUTTING EDGE:** Over the past 40 years, we've developed an innovative treatment approach that is widely recognized and used by couples therapists throughout the world. Read what other leading couples therapists are saying about it at thecouplesclinic.com/our-approach. By the end of this Fellowship, you will have received three tiers of PET-C training. More importantly, you'll receive expert guidance in implementing PET-C day-in and day-out, every week for 2 years.
2. **EFFECTIVENESS:** At the Couples Clinic, effectiveness is one of our core values. Read about what our clients say about our results at: <https://thecouplesclinic.com/our-results>.
3. **SUPPORT:** Dr. Atkinson and the Couples Clinic team are deeply invested in our fellows and are available to them 24/7. You'll feel very cared about, no matter what your love language is. ;)
4. **COMMUNITY:** This Fellowship gives you the advantage of being around skillful & experienced colleagues who will be mentoring you along the way. We love to come to work each day at the Couples Clinic because of the awesome people who work here! Each member of our group has been thoroughly vetted and chosen. As a result, we have a fantastic team of therapists!
5. **EXPERIENCE:** You will have the opportunity to receive the number of client hours you need for licensure in Illinois, and you'll receive loads of supervision from Senior Couples Clinic supervisors. We'll listen to recordings of your sessions and give you the kind of moment-by-moment guidance you need in order to really know what you're doing.
6. **HOURS:** Many therapists pursuing licensure really struggle to get in all of their supervision and hour requirements within two years, dragging the process out for years and years. Due to our reputation and years of excellent services, this will simply not be a problem for you. You won't have to do ANYTHING to recruit clients. You simply need to be willing to conduct the number of therapy sessions needed for licensure.
7. **PAY:** When all of the benefits are factored in – we estimate your total value of your pay and benefits package to be worth over \$174,923 for a two-year full-time commitment. This Fellowship is intended to train therapists who will likely become future Couples Clinic full-time therapists once the Fellowship has been completed. Post-fellowship Couples Clinic therapists can earn up to six figures. And all of this without having to worry about generating their own clients. It would be very hard to earn this kind of living anywhere else in this field.
8. **MEANING:** You'll have an incredibly meaningful job. Not only will you learn how to change the course of people's lives for the better, you'll also be part of a team of innovators who are changing the way couples therapy is done around the world. Every week we continue our work translating new scientific discoveries into practical methods for improving relationships. At the Couples Clinic, you will join a group of dedicated professionals who may very well be setting the standard for excellent couples therapy in the coming decades.
