OTHER BENEFITS

- You will have the opportunity to get all of the clinical and supervision hours you need to fulfill post-graduate requirements for full licensure in Illinois. This includes those difficult-to-get conjoint hours.
- You will learn how to do couples therapy and receive intensive supervision from Master therapists who have pioneered a cutting-edge couples therapy model that translates new findings from neurobiology and relationship science into powerful, practical methods for improving relationships.
- You will work with a team of the most passionate and experienced couples therapists in Illinois.
- You will have access to a vast repository of resources -- an enormous amount of worksheets, workshop summaries, tools, audio recordings, and pretty much anything you could possibly need. Most of this material was created by Couples Clinic therapists and is copyrighted by the Clinic.
- Beginning the 7th month, you are eligible to enroll in the optional Couples Clinic health insurance plan.
- 24/7 access to clinical supervisors.
- The Couples Clinic provides a well-established reputation and comprehensive marketing plan – so you never have to spend time finding clients.
- If you perform well during the 2-year fellowship, you’ll receive an invitation to join the Couples Clinic permanent team of therapists and earn approximately \$70 per session. At this rate, if you average 25 sessions per week, you’ll earn an annual salary of approximately \$84,000 just a little over one year from now. If you average 30 sessions per week, you’ll earn an annual salary above \$100,000.
